Carla Christoph Kaftan and Hazel Smyth Jewelry - \$50/ticket

Carla Christoph has had a love for fashion all her life. She has a keen eye for colors and patterns and puts them together beautifully. She finds them perfect for all occasions. She prides herself on one of a kind kaftans, never duplicating, unless it is going to another city. Rest assured that “people will stare when you walk in the room, but only because they wonder who IS that woman.”

A native Texan with a passion for details, Hazel Smyth’s designer, Elizabeth Herff, has imbued each of her pieces with clean lines, simple relationships between quality materials, and a sense of how the upwardly mobile woman of the 21st century likes to decorate her body. Hazel Smyth designs connote a lifestyle of simple elegance, using natural stones and interesting shapes to their best advantage. Intended to help the wearer complete her look, each handmade piece should be considered the final, precise brush stroke in a woman’s artistic presentation of herself to her environment.
